ISSUED BI-MONTHLY

CAPITOLA is situated on Monterey Bay, 80 miles south of San Francisco and 400 miles north of Los Angeles on the Southern Pacific (Coast Lines) Railroad. Three miles east of Santa Cruz.

There is a big increase in the number of Refracta Alba Freesias grown in Southern California, and as many people offer this inferior strain as Purity, it would appear that there are plenty of Freesias for all. As a matter of fact there is a steady decrease in the number of genuine Purity being grown each year.

We have the same strain of Purity we have been selling you for years. Our bulbs produce hardy firm flowers that stand up. Not the soft "tissue paper" flowers so common of late years.

We have never seen as perfectly shaped, firm, clean skinned Paper White bulbs from France or anywhere else as our new Bonny Doon Ranch has produced this year.

When comparison of flowers is made between our Begonias and Gloxinias, and other strains offered, it is easy to see the advantage of personal selection of seed stocks as has been made by our Mr. J. A. Brown several seasons when traveling in Europe.

James A. Brown and Dr. Allan K. Brown spent April and May in the East calling upon the Florists and Seedmen.

They happened to be spending the night of April 5th at Baron, Wis., when the big cyclone visited that city. A very interesting close view was had of the storm and the night was spent in rescue work. Many people lost their lives and hundreds of cattle were killed when dozens of those big Eastern barns were torn into bits.

ELLIOTTIANA CALLA

See picture on Front page.

The True Golden Yellow Calla, not the old Lemon Yellow. Fine for cut flowers or for pot plants for sale in winter and spring. Will do well outside if planted after danger of frost is over. Delivery after October 1st.

	100	dozen
1 to 1½ in. diam.	\$8.00	\$1.45
1½ to 1¾ in. diam.	10.00	1.60

2½ to 2¾ in. diam.	20.00	3.00

Spotted Leaf White Calla

Richardia Alba Maculata

Green leaves with white spots the same as the yellow calla. Bulbs are the same type as yellow calla bulbs. Flowers are white.

Prices and sizes are the same as for yellow calla bulbs.

GRAPE HYACINTHS (Muscari)

One of the popular bulbs that cannot now be imported.

Heavenly Blue—Sky blue color, per 500, \$9.00; per 1000, \$15.00.

◇ ◇ ◇ ◇

WATSONIA

Similar to Gladiolus but spikes longer and have several spikes to each bulb. Fine for forcing; will make more money for you than gladioli. Large pure white. Price per 500, \$16.00; per 1000, \$30.00.

Delivery earlier than gladioli. We can ship in September and you can plant Oct. 1st and secure early flowers when they are worth real money.

◇ ◇ ◇

SCILLAS

The Scilla we grow is the new extra large flowered and tall grower. **LARGE DARK BLUE**—Price per 500 bulbs, \$9.00. Per 1000 bulbs, \$16.00.

◇ ◇ ◇ ◇

ORNITHOGALUM

This flower has great possibilities as it is a great keeper. Stalks are about 15 inches long and from ten to 20 flowers come out at the rate of five to eight at a time. Each floret is about 1 inch in diameter. Color is pure white with a small black center. Fine for funeral use. It is not heavy scented. Large forcing bulbs per 500, \$9.00. Per 1000, \$16.50.

◇ ◇ ◇ ◇

TRITELEIA

TRITELEIA VIOLACEA—Each bulb produces a large number of blooming plants. The bulbs are about ⅝ to ¾ size and resemble a Freesia bulb. The foliage is thick and of a nice green shade. Flowers are violet blue and star shape. You will find them profitable if forced as they will bloom about Christmas. Cool temperature is best when forced, about same as freesias.

Price per 100, \$2.00 per 1000 bulbs, \$16.00.
